

ACTIVITY GUIDE

Noah Hoehn – Multi-Instrumentalist:

Writing/Essay/Journal

Noah Hoehn calls himself a “harmonica playing, marimba playing, percussion playing live looper.” He states that his desire to both sing and play multiple instruments “takes insane focus.” Write a description of an activity you have been engaged in that required the same level of focus from you. Also, how would you describe the physicality of his work?

Activity

At a point in his career, Noah decided to discontinue playing “as a sideman” and pursue playing and singing on his own. He evaluates this role as “not as fun” but “more satisfying.” Make a list of activities that you enjoy doing solo. Make a second list of activities that you enjoy doing in a group.
