

**ACTIVITY GUIDE**

## Danielle Everine – Designer + Artist:

### Writing/Essay/Journal

Danielle Everine designs women's wear that is equal parts utilitarian and equal parts beautiful. She often gets her inspiration from a film, a book, or an activity. She is interested in a new definition of beauty in which people are encouraged to be independent and to create their own look with their own voice. Compare Danielle Everine's vision of beauty with that of the mainstream.

### Activity

Design an outfit based on a film, book, or activity that inspires you. You may draw it or describe it in writing. Then write a paragraph that explains your vision and how it compares to the mainstream definition of beauty.
